NOTE: This will be the usual combined room and postal auction in the unlikely event that COVID-19 lock-down has been rescinded by the event date and the George Hurd Centre reopened. If not, it will proceed as a postal auction only.

Please read the following notes before submitting lots to our auctions:

- **Minimum reserve is £2.**
- Lots must be submitted to the Auction Secretary together with a list of the lots on this form, with a brief description of the lot and its reserve price. **Include in the description all the information that you would want if you were considering buying the item, including condition, catalogue number and value wherever possible.** Condition and any defect must be stated (see panel). Catalogue numbers should be SG where possible. Other catalogues must be identified.
- The vendor must package and label all lots so that affixing a lot label will not damage the item. Lots should permit the contents to be examined by a potential purchaser without damage, or be provided with a guarantee of authenticity and condition. In the latter case, the vendor shall reimburse the Society for any expenses or payment incurred should the purchaser show good cause to reject the lot.
